By U S Military, Department of Defense (Dod), U S Air Force (Usaf)

Independently Published, United States, 2017. Paperback. Condition: New. Language: English. Brand new Book. The analysis begins with a brief overview of past hypersonic programs and reveals the lack of coherent government policy or USAF confidence in future military utility for hypersonic weapons or aircraft. The paper explores evidence that recent developments in threat radars along with future predictions for processing power and...
